GRADY COUNTY SCHOOLS
Student Code of Conduct
2020-2021

Student Code of Conduct

It is the purpose of the Grady County Board of Education to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct which require students to conduct themselves at all times in order to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within the district.

The school’s primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in the Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

• At school or on school property at any time;
• Off school grounds at any school-related activity, function or event and while traveling to and from such events;
• On school buses and at school bus stops.

In addition, students may be disciplined for conduct off campus, which could result in the student being criminally charged with a felony, and which makes the student’s continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16, Unsafe School Choice Options.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

The General Assembly of Georgia requires that this code of conduct include language encouraging parents and guardians to inform their children on the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

PARENTAL INVOLVEMENT

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts is extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents’ concerns and comments.

Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member’s request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior.

Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student’s parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend the conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student’s behavior, or both. After
notice and opportunity for hearing, the court may impose a fine, not to exceed $500.00, on a parent or guardian who willfully disobeys an order of the court under this law.

**AUTHORITY OF THE PRINCIPAL**

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code, the principal may undertake corrective measures, which he or she believes to be in the best interest of the student, and the school provided any such action does not violate school board policy or procedures.

**TEACHER AUTHORITY**

The Superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law.

Each teacher shall comply with the provisions of O.C.G.A. § 20-2-737, which requires the filing of a report by a teacher who has knowledge that a student has exhibited behavior that repeatedly or substantially interferes with the teacher’s ability to communicate effectively with the students in his or her class or with the ability of such student’s classmates to learn, where such behavior is in violation of the student code of conduct. Such report shall be filed with the principal or designee on the school day of the most recent occurrence of such behavior, shall not exceed one page, and shall describe the behavior. The principal or designee shall, within one school day after receiving such a report from a teacher, send to the student’s parents or guardian a copy of the report and information regarding how the student’s parents or guardians may contact the principal or designee.

The principal or designee shall notify in writing the teacher and the student’s parents or guardian of the discipline or student support services which has occurred as a result of the teacher’s report within one school day from the imposition of discipline or the utilization of the support services. The principal or designee shall make a reasonable attempt to confirm that the student’s parents or guardian has received the written notification, including information as to how the parents or guardian may contact the principal or designee.

**PROGRESSIVE DISCIPLINE PROCEDURES**

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student’s discipline history, the age of the student and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia’s Character Education Program.

The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Time Out
- Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Corporal Punishment
- Detention
- Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The School will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary tribunal as outlined in the Board of Education policies.

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved also by the disciplinary tribunal or hearing officer in accordance with local board policy.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student’s parents will be notified if possible. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.
BEHAVIOR THAT WILL RESULT IN DISCIPLINARY PROCEDURES

The degree of discipline imposed will be in accordance with the progressive discipline process unless otherwise stated.
